

INTERIM MEETING OF THE IARU REGION 1 VHF/UHF/MICROWAVE COMMITTEE
VIENNA 19.- 21. April 2013

Document	VIE13_C5_22
Subject	procedures for meteor scatter operation shall be reviewed.
Society	SRAL
Contact	Jussi OH5LK
Status	Proposal

SRAL proposes that the existing procedures for meteor scatter operation shall be reviewed.

The use of chat rooms and more effective modulation/coding techniques may have caused differences between the procedure and practice. It should be decided whether procedure or practice should be changed in case there are discrepancies.
