Hi Michael

I have to retire from making the DX record listings.

<http://www.ham.se/vhf/dxrecord/dxrec.htm>

It is the last one I managed to make because my hard drive with the Linux program I have been using gave up.

When you have a new DX record coordinator I can post it on the www.ham.se <<http://www.ham.se>> server and send all info I have to him/her.
