

International Amateur Radio Union Region 1

2017 General Conference – Landshut, Germany
16 – 23 September 2017

Subject	Report from DX Records coordinator		
Society	DX Records Coordinator	Country:	IARU Region 1
Committee:	C5	Paper number:	LA17_C5_16
Author:	Kjeld Bülow Thomsen, OZ1FF		

The DX Records database is hosted on the EDR VHF Committee web site at <http://dxrecords.vushf.dk>.

On the records page the DX records for each band is shown in table format. When clicking on a band record, the data for the 5 best records are shown.

When the new database was created, there was a lot high activity with updating records. During 2016 and the first 3 months of 2017 only 2 new records has been added.

Work is ongoing to again enable applicants to update the database without involving the coordinator as it was until 2015, where the database moved to a new IT-platform.
